

YOU

KNOW
GOD
TODAY

ARE

INVITED

We are excited to share all of God's promises with you, both for this life and beyond. God can change you and work in your life. He can help you. When you realise your need and are baptised in water, God will fill you with the Holy Spirit.

People are delivered from addiction, healed from sickness, protected, comforted and can start a brand new life.

We meet together regularly – on Sundays and midweek in smaller home-based meetings. We love and support each other and treasure this big, new family that God has adopted us into.

You will be very welcome.
